### Sea Through You

There's something special about waking up to a view each morning, and at this bright and cheerful apartment in Saint-Malo you'll have just that. Whether you're waking up from your restful slumbers in the comfortable bedrooms and cradling a cup of coffee on the balcony, enjoying breakfast in the light-filled dining area, or catching up with friends in the stylish living space, views of Solidor beach can be admired from every angle. Throw open the windows, kick back on the velvet sofa and relax with the sea breeze washing over you, as you map out the day ahead. We love the palm-themed artwork and rattan details that add to the cool and calm feel around the home. When it's time to head out, grab your seaside essentials and take the short walk to the sandy beach right on your doorstep for a day of sunbathing and swimming. And if you're in town for sightseeing, you can reach the historic centre of Intra-Muros in fifteen minutes on foot along the coast. There's also a fish market on the square of St

Servan nearby and a small oyster market every Sunday on the Place Bouvet square.
